Calamba, Laguna, Philippines

Summary: Front-end developer and UI/UX designer with expertise in web development, prototyping, and system architecture. Experienced in designing user-centered interfaces and working within team environments to deliver technical solutions. Proficient in React.js, JavaScript, and design tools, including Figma and Photoshop.

EDUCATION

City College of Calamba - BS Information Technology

2022-Present

Relevant Coursework: Web Development, Prototyping, Software Engineering

STACK & TOOLS

Dev Tools: VSCode, Git, Github

Design Tools: Figma, Photoshop, Canva

Programming Language: React.js, JavaScript, CSS, HTML

EXPERIENCE

Torres Technology Center Corp. - Internship | Calamba, Laguna

Jan 3-14, 2022

Coursework: Advanced Command Prompt, Batch File, C, C++, Computer Specifications.

- Trained in command-line operations, file systems, system configuration, and foundational programming.
 - Developed a game development system as a senior high school intern in the Computer Technology Department using C language; designed narrative structure and gameplay flow.
-

SELECTED PROJECTS

K-WISE: AN AI KIOSK PC BUILDER

Feb-Nov, 2025

Front-end Developer, UI/UX Designer, & System Architecture

- Architected and prototyped a self-service kiosk platform enabling customers to browse, compare, and purchase PC components; integrated an AI engine (Ollama DeepSeek R1) with Machine Learning capability, audited 3,200+ compatibility rules, real-time validation, automated AI build generation, and predictive upgrade recommendations. Achieved an overall **user satisfaction of 3.80/4.0** and **1062% ROI, 9.2-month payback**.
- Selected for a UPLB TTBDO pitching training where the system was commended for its originality; later pitched at TechnoExpo 2025 to DOST, industry partners, and the local municipality, earning the **Excellence in Innovation** and **Outstanding Presenter** awards, and receiving industry interest.

Tech: React.js, JavaScript, Node.js, Express, PostgreSQL | GitHub | Figma

KITSUNE.co

Sept, 2025

UI/UX Designer

- Prototyped an interactive website featuring parallax scrolling, product browsing, checkout simulation, and multi-page layout; placed "champion" in a web design competition.
-

LEADERSHIP

CCC - Information Technology Society | Calamba, Laguna

President

2024-2025

- Organized **23+ academic events**, extracurricular activities, community extension initiatives, fundraising, and team-building activities, with a **4.14-4.32/5.0 overall satisfaction ratings**.
- Led an organization representing 1,469 BSIT and 509 BSCS (departmental) students, and implemented attendance and event evaluation systems using barcodes and automated formulas, resulting in a **70% reduction** in manual processing time and improved data accuracy for organizational reports.

Publishing Committee Head

2023-2024

- Managed content calendar and committee tasking to increase post engagement from 20-30 reactions to 70-200 reactions (**233-567% improvement**) through consistent, timely, engaging content delivery.
